Donor Medical and Genetic Questionnaire

Donor Non-Identifying Information

Please ensure you do not include any identifying information about yourself or any members of your family in the following pages of this document.

Some of the listed conditions below are known to be genetic or have a genetic contribution, meaning that they could be inherited by a donor conceived child. If **you or any member of your family** has been diagnosed as being affected by one of these conditions or as being a carrier of one of these conditions, please tick yes and add the age of onset. If a relative has been affected by the condition, describe the relationship of the person to yourself (i.e. grandparent, parent, sibling, aunt, uncle or cousin). If you would like to provide further information about any condition(s) you indicate as yes, please add this information in the box at the end of this document.
